COGGINS PRESIDENT

OF Y; DIRECTORS IN

FAREWELL MEETING

Col. L. W. Coggins was elected president of the Young Men's Christian association at the meeting of directors last night, at which President Lloyd B. Christy who is leaving the city next week, resigned. The meeting was held around the banquet table at the Arizona club, and was in the nature of a farewell to Mr. Christy.

Prof. John D. Loper was elected vice president. Dr. J. C. Norton acted as toastmaster and each director gave a toast to the departing leader.

Those present were Mr. Christy, Col. Coggins, Prof. Loper, Dr. John Denney, J. M. Stewart, Dr. E. Munson, C. T. Hunt, Amos Betts, H. A. Dohi, F. D. Lane, Clarence Craig, Secretary J. O. Saxon, Physical Director R. R. Boardman and Charles Donofrio.

"The White Flour Pinch"—have you felt it? With the advancing price of wheat "the five-cent loaf is doomed," say the bakers. In its place we have the six-cent loaf—in many cities only the ten-cent loaf. A loaf of white flour bread is not a complete ration. However wholesome and pure, it does not supply all the proteids the human body needs. In **Shredded Wheat Biscuit** you have all the body-building nutrient in the whole wheat grain prepared in a digestible form. It is always the same price, always the same high quality. Eat it for breakfast with milk or cream or with fruits. Made at Niagara Falls, N. Y.

POPULAR COUPLE WED; SURPRISE FRIENDS

Miss Jennie Smith, daughter of Hiram Smith, well known valley rancher, and Andrew J. Shamblin, government bacteriologist, were married yesterday afternoon at the Central Methodist church, Rev. W. J. Sims officiating. Only the closest and most intimate friends of the couple were invited to the wedding.

Miss Smith knew of the approaching marriage, no formal announcement of the engagement having been made. Since the first of last year the young woman has been employed as clerk in the office of the clerk of the superior court, and even those who have been associated with her in this office were not advised of her plans until Mr. Shamblin appeared there for the marriage license.

Mr. Shamblin is one of the most noted bacteriologists in the country today. While his headquarters at present are in Indio, Cal., he is sent all over the country by the government. He, however, expects to be in California some time, and he and his bride will be stationed at the experimental farm near Indio.

LOST AND FOUND—Art Wilson, member of Central Fire Company, No. 1, responded in a hurry to an alarm of fire yesterday afternoon. He went out in such a hurry that he left a pocketbook containing \$145 lying in plain sight, in the fire house. During the run and the short fight of the department against a slight blaze at Fifth avenue and Grant street, he thought no more of the wallet. On the return, however, he remembered having dropped the pocketbook as he straggled aboard the outgoing truck. When he reached the fire house, the pocketbook had disappeared. For a few minutes he looked for it, but in vain. And then Lieutenant Napoleon Delgado, of No. 2 company, appeared and told what it was all about. And then he flushed the wallet, and the money intact. There were signs of confusion about the fire house thereafter and Wilson was the distributor.

LAMSON HI OPENS

For twenty-eight years the Lamson Business College has opened its night school the first Monday in October. Because a circus came to Phoenix this year made no difference, the night school opened just the same and with enough students in attendance to keep three teachers busy. However, the circus attracted quite a number who said they would be on hand promptly Wednesday night, enough to keep one more teacher busy, possibly two.

CHARGE FOR RECOUNT

The recount for the contested nomination of county attorney was not begun yesterday. For more than three hours, J. M. Laney, the contestant, argued before Judge Stanford that more definite and certain charges of fraud be made before the contest proceedings be carried out.

Some four years ago A. H. Davidson, the contestant, and the court named inspectors to count the ballots, but Mr. Laney from time to time announced that he had not yet selected a person to represent him. Yesterday, armed with a score of law books, he entered the court room and addressed the court, contending that the allegation of error in counting the ballots was not sufficient to warrant a recount. The court ruled that the contestant must specially state the grounds of the contest, and the contestant's statement will be amended to comply with this ruling at once.

SEVEN YEAR OLD GIRL

ADOPTED BY LOOMIS

A little Fourth of July girl, endowed with all the charm and independence of a typical American beauty, was made happy yesterday when the court gave her a father and mother.

G. N. Loomis, a well-to-do rancher of Scottsdale, and his wife, in whose home Marjorie Dorothy Arnold has been since last April, adopted the tiny orphan, assuring Judge Lynam they would give her the love and care of true parents.

The child, who was all alone in the world, interested the probation officers, who some time ago found her home with the Loomises. Having no children of her own, Mr. and Mrs. Loomis soon learned to love Marjorie, and the little American princess returned the affection. She was bubbling over with joy in the court room yesterday, clinging to her "mother's" hand as she left the place. She is 7 years old and attends the public school at Scottsdale.
